# Join Us in Morocco 2018

## First ICOI/ICOI Europe/SENAME Meeting in Marrakech

The event will take place at the **Palmeraie Resort Conference Center in Marrakech** from 01 to 03 March 2018.

**Together with the SEENAME, this meeting will welcome hundreds of delegates in the beautiful resort Palmeraie in Marrakech from across the World.**

Themed “**New Techniques and Innovations in Implant Dentistry**”, it will serve as a networking platform for dentists across Europe, North Africa and the ROW to convene and discuss current practice concepts and trends, and familiarize themselves with the new Techniques and Technologies related to Modern

Dentistry/ Implantology. Top scientific Lectures and sessions were lined up, as well as on the future trends in Implant Esthetic and Digital Concepts. **Renowned speakers will share significant insights into modern dentistry / Implantology/ Digital Dentistry, highlighting concepts that will be of great benefit to modern dentists.** Attendees will be welcomed with advanced Technologies and state-of-the-art equipment at the exhibition halls. On Friday, March 2nd, the ICOI Awards Ceremony will be held and Fellows, Masters & Diplomates will receive their Credential Certificates. Professionals will keep themselves abreast with the latest advancements in Oral Implantology. During the Pre-Congress WORK SHOPS participants will be broadening their knowledge and increase their capabilities in handling cases that continue to become more complex and challenging.

**A traditional ICOI Young Implantologists Program will be held on Thursday afternoon, March 1st.** This podium is dedicated to Young Implantologists from the area to present their cases / research projects. These talented speakers are the future of our profession.

With this comes new equipment and materials that are constantly upgraded to make treatment procedures as efficient as possible. **I would like to welcome you to Marrakech, Morocco for this outstanding meeting.**

*Dr. Ady Palti, Scientific Chairman*

## MISSION

The mission of the ICOI Congress in Marrakech is to provide attendees with the most up to date scientific information regarding new technologies and long term dental implant success. The speakers will address both the surgical and prosthetic aspects of dental implant therapy. Different treatment modalities and new technologies will be reviewed that will help the clinician determine the factors that lead to dental implant success and how to implement them into daily practice.

## OBJECTIVES

### Upon completion of this Congress attendees will:

- Understand the surgical principles for A- PRF and I-PRF for dental implant success
- Understand the prosthetic principles for dental implant treatment concepts
- Understand the role of digital dentistry for perfect dental implant results
- Learn the art and science of immediate implant management
- Guided surgery and the role of CBCT planning for functional and aesthetic outcome

## ACCREDITATION

*ICOI designates the Scientific Program for 20 continuing education credits.*

*All Scientific Session presentations are lecture format and qualify for AGD Subject Code 690 Implant.*
